The windows make this home a real energy-saver. Count on energy efficient, large, dual-pane windows throughout, plus a big woodstove that easily heats the whole house. And, don't worry about buying wood. This land has enough naturally fallen wood to keep you warm and toasty all winter (and then some).

You also get covered storage for your cord wood and an outbuilding for putting away those gardening tools and supplies. A 36' x 36' barn with 3-phase power is just a short walk from the home and lets

you operate your own woodworking shop in style. Your own private well supplies more than enough water year round. Plus, you have plenty of space for gardening, growing vegetables, and living off the land in this one-of-a-kind dream parcel.

Although the home and acreage is extremely private, it's only a few minutes to Hwy 101, and 11 minutes to Patrick's Point State Park in Trinidad. The Arcata airport is a convenient 30-minute drive and Eureka is a mere 45 minutes away. To the north, enjoy the scenic and quaint town of Orick with its shops, food, and luscious sights in under 10 minutes.
